

Hub Director Transition 2026

Letter for email database:

Warwick Community Hub Supporters,

On behalf of the Warwick Community Hub Board of Directors, we have an important update to share with you. After six years of dreaming, planning, launching, and then carrying out that vision for a social services ministry right here in our own community, our Executive Director, Steve Jeffrey, has made the decision to transition from his role at the Hub at the end of June 2026.

The Warwick Community Hub exists today because of the stewardship of a vision God placed on the hearts of several Lititz churches and leaders years ago - a vision Steve carried forward, to work together to practically help our neighbors living in the Lititz/Warwick community by connecting families in difficult situations to available resources, empowering next steps, and restoring hope because of Jesus. Thanks to that vision, the Hub has grown from an idea into a place where people are seen, supported, connected to resources, and reminded that they are not alone.

The Hub Board and staff team are deeply grateful for all that Steve has poured into the Warwick community by launching the Hub. We celebrate the impact that he has made through this work, advancing the mission of the Hub, and pray for blessing in all that Steve steps into next.

We are thankful for the strong foundation that has been laid and confident that God will continue guiding the future of the Hub. As a board, we are prayerfully discerning next steps for leadership and for the continued growth of this mission. We appreciate your prayers and continued trust and support during this transition.

Please feel free to reach out to the board at info@warwick-hub.org with any questions.

With gratitude,
Warwick Community Hub Board
